

M/D

Marlon Demas

Summary

I am a Cape Town based software engineer with experience in full-stack web-development. I am pragmatic with a very positive attitude and I am always looking to be challenged. I learn concepts quickly and thrive in a fast-paced environment. I am also easy to talk to, reliable and focused.

ADDRESS

8 Lindenhof
Northpine, Brackenfell, 7560
South Africa

EXPERIENCE

November 2021 – Current

Intermediate Frontend Developer • Specno • Cape Town, Western Cape

March 2021 – October 2021

Junior Web Developer • Longbeard • Cape Town, Western Cape

March 2019 – November 2021

Frontend Developer • Adept ICT • Stellenbosch, Western Cape

At Longbeard I mainly done bug fixes and frontend enhancements using React. At Adept I was the Lead Frontend Developer but also assisted with building REST API's. Here my main stack was Vue, Docker and Java. At Specno I was appointed as an Intermediate Frontend Developer to build applications using technologies like Angular and Ionic.

EDUCATION

Bellville THS, Cape Town, Western Cape

I studied both Electrical and Computer Systems Engineering but finished neither because my passion was really coding. I then completed a Web Development Bootcamp where I received a certificate and I continue to learn through my job and doing online courses.

COMMUNICATION

At Salesian's Life Choices I taught Life Skills and Professional Development.

LEADERSHIP

I have been hailed as a leader many times as I am always prepared to take responsibility and I am always looking to grow. I received an award for helping my fellow students improve on their marks and have taught extra classes as I am also always looking to help others grow as well!
